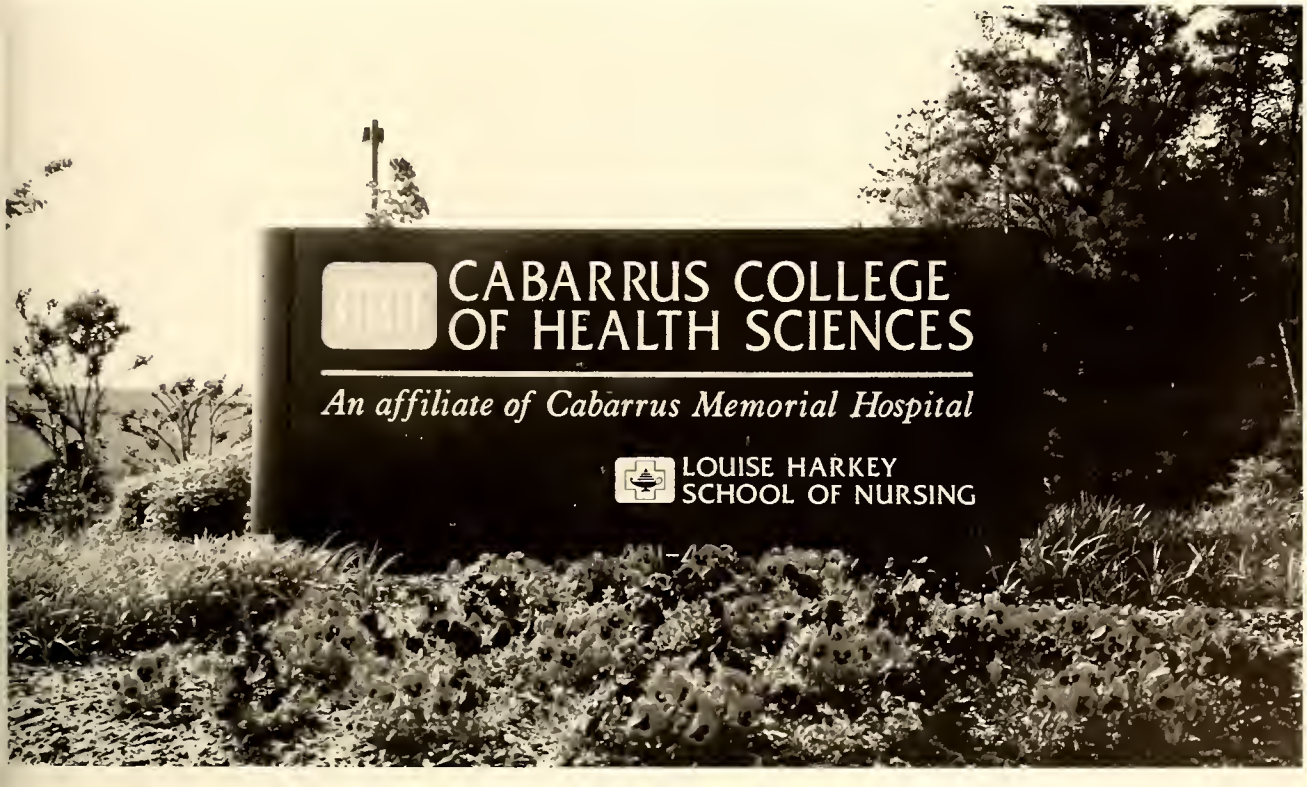
LANTERN'S FLAME

1997

Cabarrus College of Health Sciences

From our roots at LHSON we grew to

Cabarrus College of Health Sciences.



Dedication

This year we dedicate the Lantern's Flame to Thelma Corriher. During her years as a nurse she has touched the lives of many students and patients. Thelma has a Masters in Nursing, and has always maintained her traditional values. We will miss her little nurses cap around the hospital, but we wish her a HAPPY RETIREMENT!!

In Appreciation

The Lantern's Flame would like to extend it's appreciation to Carole Dillahunt (above) We will miss hearing all of your nursing stories, and your insight into pediatric nursing. Many thanks to Kay Leddon (below) who has been the advisor for The Lantern's Flame, and taught us the value of nutrition with a smile on her face. We will miss you both.

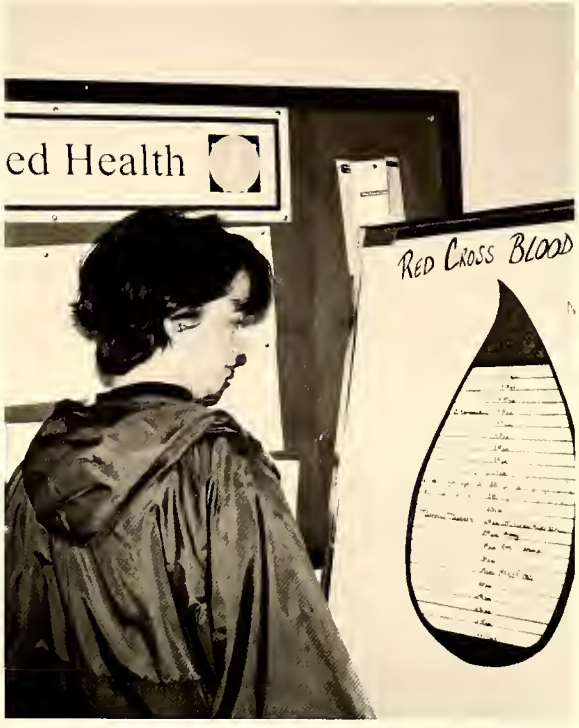
Volunteering makes a difference

This year marks the first year that students were required to do volunteer work, but these students are no strangers to volunteering. We all jumped in head first and accomplished a lot even with the busy schedule at nursing school.



The Association of Nursing Students received the honor of winning "Make a Difference Day ". The group was pictured in a national magazine as a reward for all of their volunteering efforts, which included working on the CVAN auction, Operation Christmas Child, and donating supplies for newborns at Northeast Medical Center. Thanks to all students for their time and efforts.

Days Gone By

" Looking back on days gone by...

the memories we shared, the times that we cried.

We often stopped and asked ourselves why?

We stood by each other , through thick and through thin.

'Cause we all knew and lived where the other had been.

All of us remembering when June rolls around,

with a glimmer of hope , our light would be found.

The sun would come out and we would all have to sigh.

Looking back on days gone by.

Even though we'll go our separate ways,

our hearts will be together for the rest of our days.

Just remember the good times to help see you through,

and know that someone will be praying for you.

Be proud of yourself and keep your head high,

let the love in your heart put a twinkle in your eye.

May God be with us all, and hear our prayers,

to lead us and guide us as we give loving care.
